

Town of Hanover
Advisory Committee
550 Hanover Street
Hanover, MA 02339

Meeting Minutes
Wednesday April 8, 2014

Opening:

John O'Leary called the meeting to order at 7:00p.m.

Committee Attendees:

John O'Leary, Helen Graves, Donald White, Jerry O'Hearn, Wayne Moores, Nicole Duhamel, Angela Blanchard, Chris Martin, Doug Thompson-Town Moderator

Absent:

Jim Van Arsdale

Meeting Minutes:

Nicole Duhamel made a motion to accept the Meeting minutes from March 26, 2014 as amended Angela Blanchard seconded and it was so voted.

Chris Martin presented a map outlining the proposed rail trail route. Chris outlined the areas that may present problems in the creation of the Trail. A section of the outlined trail is privately owned by a resident of Hanover who would be unlikely to sell the land. Another area of concern is the State owned land, because it is State owned all areas built on that section of the trail would need to be handicapped accessible. Chris feels that these areas present a problem, but would like to see CPC come up with alternate routes that may allow this trail to be feasible.

The Committee reviewed Janine Smith's e-mail regarding the Factory Pond project. Funds have been recouped from old projects that have been completed with unexpected monies remaining. The money

in these funds is creating an arbitrage due to interest being accrued on borrowed funds. Janine approached Troy regarding using these funds for the Factory Pond project as it meets all of the guidelines necessary to reallocate the surplus funds.

- Helen Graves asked Janine if this article would still be on the warrant. Janine responded that it would remain on the warrant just without CPC funding.
- Chris Martin asked Janine if Advisory Committee commentary would need to be changed regarding this article. Janine responded that it would
- John O'Leary spoke regarding his concerns with this process. Although he is happy to see the funds recouped he has an issue with the Town Manager not following the guidelines outlined by CPC for this type of request.
